EXECUTIVE SUMMARY

Kibs Auto Works Ltd is a full-service motor vehicle workshop on Southern Bypass, off Lang'ata Road in Nairobi. We handle mechanical repairs, routine servicing, auto electrical work, panel beating and spray painting, and we supply spare parts.

Our technicians work on the makes most common on Kenyan roads, from Toyota, Nissan and Mazda to Mercedes-Benz, BMW and Land Rover.

Every job comes with a clear, itemised quotation and invoice, so you always know what was done and what it cost.

WHY CHOOSE KIBS

- ✓ One stop for repairs, body work and spares
- ✓ Experienced, multi-brand technicians
- ✓ Quality parts you can trust
- ✓ Clear, itemised quotations
- ✓ Easy to find on Southern Bypass
- ✓ Honest advice and fair pricing

— OUR STORY

Kibs Auto Works was set up in 2010 to give Nairobi motorists one workshop they can trust with every part of their vehicle.
[HOW THE BUSINESS STARTED.]

Today we combine mechanical, electrical and body work with a spare parts supply, so most jobs are done in one place, with no running around between garages.

MISSION

To keep our customers safely on the road with honest, high-quality repairs, maintenance and parts.

VISION

To be Nairobi's most trusted all-in-one auto workshop.

— OUR SERVICES

Mechanical repairs

Engine, gearbox, suspension, steering and brake work, diagnosed and fixed properly.

Servicing & maintenance

Scheduled services, oil and filter changes and fluid checks to keep you running.

Auto electrical

Wiring, lighting, starting and charging faults traced and repaired.

Panel beating

Dent and accident repair that restores your vehicle's shape and strength.

Spray painting

Full resprays, partial paint and touch-ups with a clean, lasting finish.

Spare parts supply

Quality parts for your make and model, fitted by us or sold over the counter.

— KEY CHALLENGES

Like many growing workshops, Kibs faces challenges that hold back its growth. Naming them clearly, along with their impact, is the first step to solving them.

CHALLENGE

IMPACT ON THE BUSINESS

MANAGEMENT AND SYSTEMS

- | | | | |
|-----------|---------------------------------|---|---------------------------------------|
| 01 | Lack of structure | → | Confusion and dependence on the owner |
| 02 | Lack of systems and SOPs | → | Inconsistent service |
| 03 | Weak financial systems | → | Poor decision-making |
| 04 | Weak data management | → | No reliable business intelligence |

MARKET AND CUSTOMERS

- | | | | |
|-----------|---------------------------------|---|-------------------------------|
| 05 | Weak market linkages | → | Limited revenue opportunities |
| 06 | Weak customer retention | → | Lost repeat business |
| 07 | Limited brand visibility | → | Fewer customers |
| 08 | Limited fleet contracts | → | Unstable revenue growth |

CAPACITY AND OPERATIONS

- | | | | |
|-----------|--------------------------------|---|--------------------------------------|
| 09 | Limited working capital | → | Restricts growth |
| 10 | Skills gaps | → | Quality and diagnostic limitations |
| 11 | Limited technology | → | Difficulty servicing modern vehicles |
| 12 | Spare-parts challenges | → | Delays and margin pressure |

— OUR TEAM

Sisto Kibue
Founder

Jane Mumbi
Co-founder

Stephen Chege
Accountant

Supported by 10 skilled technicians across mechanical, electrical and body work.
